“We have been buying our dog food from Nature’s Select for about a year now. I first learned about them from a booth at a community center in town. I was very interested in QUALITY dog food for our two dogs. After giving us free samples, a brochure and their product to take home, I was very impressed. I compared ingredient labels with several high dollar brands from the pet store. Their products are quality, prices are competitive, AND I don’t have to use my own time, gas, and muscle to get it. It became a no-brainer to give them a try, and we have been VERY happy with their service ever since. Whether you prefer ordering the old fashion way by speaking to a REAL person, like me, or enjoy the flexibility of a late night order online, Nature’s Select is easy and can’t be beat. Thanks.”
